

## "You At Dat Cake Agin!"

Of course he is! It's a Calumet Cake. And like all pastry baked with Calumet Baking Powder, it's light, fluffy, fine-grained, evenly raised and deliciously good.

Wholesome too, for Calumet is absolutely pure both in the can and in the baking.

Calumet is always uniform in quality—never loses its strength. Produces unfailing results. Try a can at our risk—your grocer will refund purchase price if you don't decide it the best baking powder you've ever used.

## CALUMET BAKING POWDER

Received Highest Award: World's Pure Food Exposition, Chicago, Ill., Paris Exposition, 1912

You don't save money when you buy cheap or big-can baking powder. Don't be misled. Buy Calumet. It's more economical—more wholesome—gives best results. Calumet is far superior to sour milk and soda.

## CASCARETS FOR YOUR BOWELS IF HEADACHY, SICK

TO-NIGHT CLEAN YOUR BOWELS THAT DEMOCRATIC TICKET WILL SWEEP CORPUS CHRISTI IS ASSURED.

Good Democratic Majorities in At Least Fourteen Precincts Are Expected—Advance Figures.

Reports received by the Young Men's Democratic Club from all parts of Nueces county indicate that in today's election the Democratic ticket will sweep the county by a majority of at least 70% and it is very likely that this number will approach 800 votes.

There are approximately 3800 voters in Nueces county and of this number it is expected that from 2250 to 2500 will participate in today's election. Based on the fact that the Democrats in the July primary gained 1500 votes and that the Socialists will probably poll today nearly 200 votes it is hard to imagine how the Independents will be able to muster more than 300 votes.

Non-partisan views received from all precincts of the county indicate that in today's election the Democrats will carry today's election by the following majorities or majorities approximating the figures given:

Courthouse—Majority 150 votes.  
City Hall—Majority 45 votes.  
Massey Hall—Majority 120 votes.  
Fourth Ward—Majority 120 votes.  
Fifth Ward—Majority 120 votes.  
Tolson—Majority 8 votes.  
Calallen—Majority 20 votes.  
Bluffton—Majority 60 votes.  
Carrizo—Majority 20 votes.  
Agua Dulce—Majority 22 votes.  
Blodg—Majority 120 votes.  
Flour Bluff—Majority 8 votes.  
Casa—Majority 30 votes.  
Port Aransas—Majority 20 votes.

At Robstown, Fairview, Sulphurine and Alta Vista Precincts the races are close with prospects of the Independents carrying Sulphurine and Alta Vista, the Democrats Fairview and the Socialists as usual securing a majority at Sulphurine.

Actual returns were made to the Calumet Overland cars, receiving a total of more than \$1,200.00. The figures are exclusive of shipments of motor trucks and other products sold by the White-Corraline Company, which would greatly increase the total.

Since the start of the fiscal year to July 1, 1914, we had been shipped to us and including October 15, 1914, an increase of 40 per cent over the amounts made during the corresponding period of last year and is 50 per cent greater than those of two years ago.

We submit these figures, addressed to John N. Wilson, president of the Automobile Association of America, that he will be of the European War, the automobile business is better than ever.

I trust that inflated claims and statements of good business do not benefit the industry, although, for the time being, they may earn a little false prestige for the motor car manufacturers who spread such reports. But bona fide figures showing business prosperity, when made public at this time, are reassuring to the public and business in general.

On October 13, The Wilcox-Greenway Company had on hand unfilled orders for one and one-half million dollars worth of Overland cars or unshipped agents as many as we had the same date last year. This is in spite of the fact that our daily shipments are higher than ever before, averaging well over 1000 per day. A large amount is now being devoted to our Taiwan factory, where more departments are being erected, twenty-four hours a day in an effort to keep pace with the increasing demand for cars.

Another encouraging feature is the fact that we are now attaining a daily average of more than \$1,000,000 worth of cars to foreign countries. Although our foreign business was originally at a standstill shortly after the institution of trade in Europe, it has gradually become better, until it is practically normal again. The increase in Overland sales in other foreign countries is doing much to compensate for our loss of trade in the troubled sections of Europe. Since 1st our sales abroad amount to 75 per cent of what was totalled during the same period of last year.
